

DHARMA RELIEF

In facing the COVID-19 pandemic, what can we do collectively, creatively? Please join our forces as an international Mahasangha to help others!

Facing an already critical shortage of medical supplies in hospitals nationwide we are raising fund to import FDA approved class 2 surgical masks through our connection with a CDC certified Chinese manufacturer. Please help us with your donation. Time is precious and quick action can rescue lives.

**Every
dollar
helps!**

\$5 buys 9 masks for medical workers.

\$100 supplies a week's worth of masks for one doctor or nurse.

How To Help

Please go to the Dharma Relief Project COVID-19 website <https://dharmarelief.org/> to donate or sign up to help coordinate with hospitals in your area. And we encourage you to share this message widely.
